Dear Parents and Guardians:

Each spring we administer state mandated assessments in grades 3-8; the NJSLA (The New Jersey Student Learning Assessment) measure student achievement in English Language Arts/Literacy, Mathematics, based on the learning standards contained in the NJSLA for Math and Language Arts and the NJSLA for Science in grades 5 and 8 only. A new assessment is added this year to help educators gauge learning loss due to virtual learning. That assessment is called NJ Start Strong Assessment. Please refer to the testing schedule on the next page for the test administration window for the 2022-2023 school year. We will be sending out another letter as we approach the test administration window.

We appreciate your cooperation in making sure your child attends school daily and on time during testing dates. Remember, it is also important that your child receives a healthy breakfast and enough sleep throughout testing. Cell phones and other electronic devices will not be permitted in classrooms with students during test administration. Students are permitted to bring a recreational book to read once they have completed the test. Please contact us with any questions or concerns. Thank you.

Sincerely,

John Ogbin
Vice Principal/Curriculum Coordinator

2021-2022 New Jersey School District Assessment Information to Parents and General Public

New Jersey school districts, charter schools, and renaissance school projects are required by statute (*N.J.S.A. 18A: 7C-6.6*) to annually notify parents or guardians by October 1 or within 30 days of any additional statewide student assessment or commercially developed standardized assessment that will be administered over the course of the school year. If specific details are not yet available, districts may insert “To Be Determined” (“TBD”).

Key:

- **Number of Testing Administrations in District** refers to the number of times a particular assessment will be offered during the school year.
- **Testing Mode** refers to how the assessment will be administered to students. The two modes are computer-based and paper-and-pencil. Some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your child has a medical issue that would not allow them to take the assessment on the computer.
- **Testing Time** is the maximum amount of time allotted to students to complete the assessment. Most students finish well in advance of the allotted time.
- **Testing Window** is the period of time in which districts administer the assessment. It is not the actual number of days it takes a student to complete the assessment. School districts can choose the specific days within the window to administer the test. Please inquire with your district about the exact testing dates of the assessment.
- **Results Available** refers to the date districts receive individualized student results from the assessment. These results should be distributed to students, educators, and families as soon as possible.
